

Did You know ?

Our mugs are made using the Dye Sublimation process, this gives them a durable high quality finish with a bright glossy image.

All our mugs are 90mm with a diameter of 80mm and will hold a good cuppa, to the volume of 330ml.

Mugs are also domestic dishwasher safe, however we recommend handwashing to extend the life and vibrancy of the image.

Variety to choose from.

Our ceramic gift mugs feature modern & contemporary designs, photography, cities & towns, seascapes, coastal beaches, Scotland,

beautiful landscapes, iconic architecture, historic castles, teddy bears, botanical illustrations & traditional Scottish humour.

Designs available from artists
